*A fun 5k run or walk at Clover Point*

# SOS Sprint!

## Save Our Seals 'Adventure' Sprint

The SOS Sprint is a fun, 5k run or walk, inspired by 'Zombie Runs' - where along the course you may encounter 'zombies', but given that you're a 'seal', you're going to want to watch out for the 'seal clubbers'!

Participants all receive a 'Save Our Seals' event headband to identify them, and the 'clubbers' (hidden on the course to ambush seals for their fur!) will be easily identified, piloting their boats among the 'ice floes' searching for fleeing seals. Each year tens of thousands of seals are slaughtered off the coast of Newfoundland, and this event is to raise awareness and help bring an end this travesty.

The course is a scenic loop along the beautiful waterside pathways from Clover Point to just before the breakwater. Please arrive by 11am, parking on Dallas or at Clover Point. All are welcome, bring your kids and dogs!

\$5-10 sliding scale entry (pay what you can), tons of prizes from OrganicAthlete Victoria and Friends of Animals supporters (distributed by draw).
